

**APPLICATION AREA**

Corrosion-resistant sensor with an internal connector board and overvoltage protection on customer request.

**CHARACTERISTICS**

**TECHNICAL DATA**

**Dimensions**

Sensor housing, H 50 x B 52 x T 35mm  
With injection-moulded PG7 screw connection

Light-reflecting measuring tube OD= 6,0mm L= 45mm

**Sensor elements**

Pt100 ; Pt1000 ; NTC ; KTY ; 2, 3, 4 wire technique  
Digital sensor elements (customised)

**Materials**

ITEM	Contact to the medium
TA6	Plastic polyamide // Stainless steel

**Response characteristics**

ITEM	
TA6	T05 = 6sec / T09 = 18sec

**COMMENTS**

Optional with overvoltage protection!
