

**technical data**

process connection	G3/8"
material (process-intrusive)	316L *1
surface roughness	Ra ≤0,8 *1

ambient conditions

process temperature	-100°C ... 250°C
process pressure	0-16 Bar

Type key configuration

Pos.:	Physical characteristics	Key	Characteristic
1	installation length "EL"	A0	50mm
		A1	127mm

Existing configurations

Type	Order number	Item number	Old order number
------	--------------	-------------	------------------

Remarks

*1 in contact with product PB
